Pleating outcomes by provisional reference class

Unavailable predictions remain in the class denominators

	Predicted pleated	Predicted non-pleated	Unavailable
Pleated (n=17)	**10**	**5**	**2**
Non-pleated (n=49)	**1**	**28**	**20**

Rows: source-reviewed reference class. Columns: model output or unavailable.

Repeated development set; these counts do not establish independent generalization.
